

# POLYTRON™ ULTRA PERFORMANCE

Today's most advanced lubricants

Heavy machinery must endure some of the toughest conditions. Deep-sea drilling, mining, agriculture, rock quarry, or any other form of heavy industry, *POLYTRON Lubricants* can increase the reliability, eliminate equipment wear, and give you a peace of mind. Even in an event of sudden oil loss, *POLYTRON* can temporarily protect the equipment from catastrophic damages. The heavier your industry is, the more you would need *POLYTRON*. All *POLYTRON* products are proudly Made In U.S.A!

Visit [www.PolytronDirect.com](http://www.PolytronDirect.com) for more information and online-store!

**SIZES:**  
16 oz Bottle  
1 Gal Jug  
4 Gal Pail  
55 Gal Drum

## POLYTRON METAL TREATMENT CONCENTRATE (MTC)

*POLYTRON Metal Treatment Concentrate (MTC)* is the best in the industry. Attracted to metal surfaces, MTC transforms the original metal to a highly durable polished-like micro-layer of metal that drastically resist wear, extreme pressure, temperature, and contaminants. Only by adding 10% by volume to your current main lubricant, you will gain great benefits and protection, that saves you \$1000's.

### APPLICATION:

- ✓ Cars, Trucks, Railroad, Boats
- ✓ Heavy Equipments & Hydraulics
- ✓ Transmissions, Gears, Differentials
- ✓ Pumps, Air Compressors, Air Condition
- ✓ Mining & Drilling Equipment
- ✓ Agricultural Machines & Tractors

### EXPECTED RESULTS:

- ✓ Maximizes fuel mileage (mpg), power & compression of an engine
- ✓ Decreases wear of engine/equipment up to 95%, operating temp., & noise
- ✓ Keeps the surfaces clean & extends maintenance intervals up to 4-7 times\*
- ✓ Protects engine/equipment across wider range of temperatures
- ✓ Provides temporary protection to engine/equipment in the event of oil loss
- ✓ Contributes to reduction maintenance costs up to 60%

\*Results may vary. We strongly suggest you performing oil change per manufacturer's recommendation!

**SIZES:**  
14 oz Tube  
35 lb Pail  
420 lb Drum

## POLYTRON EP-2 LITHIUM COMPLEX GREASE (EP2)

*POLYTRON EP-2 Lithium Complex Grease* is a superior quality, multi purpose, wide temperature-range lubricant. It is made with lithium complex soap, quality base oils and *POLYTRON's* scientifically engineered anti-wear friction reducing formula with other additives to contribute to its outstanding qualities of water resistance and anti rust/corrosion protection. It may also be used in electric motors of NEMA insulation class A and B types. *POLYTRON EP-2 Grease* does not soften excessively during high speed operation in rolling contact bearings. Excellent for automotive and industrial equipments.

### APPLICATION:

- ✓ Passenger cars, Trucks, Railroad, Boats
- ✓ Joints, Bushings, U-Joints
- ✓ Rack & Pinion Gears, Bearing
- ✓ Jaw Breakers, Drilling Machines

### EXPECTED RESULTS:

- ✓ Eliminates wear by up to 95% and reduce maintenance cost up to 60%
- ✓ Protects equipments during temporary loss of grease
- ✓ Excellent in severe pressure, condition, and temperature
- ✓ Repels water and protection against from corrosion

**SIZES:**  
14 oz Tube  
35 lb Pail  
420 lb Drum

## POLYTRON PENETRATING LUBRICANT (PL)

*POLYTRON PL* contains *POLYTRON MTC* and is scientifically blended to be the most effective whenever rust, corrosion, or drag is a factor. *POLYTRON PL* not only penetrates through extreme rust and corrosion, but also treats the metal surface to reduce friction and eliminate wear. Use of this product provides long lasting, smooth operation of any metal mechanism. Lasts up to 20 times longer than WD-40.

### APPLICATION:

- ✓ Hinges, Locks, Valves, Faucets
- ✓ Electric & Air Tools, Drill Bits, Taps
- ✓ Battery Electrical Poles
- ✓ Moving Parts in Motors
- ✓ Slides, Guides, Ways, & More!

### EXPECTED RESULTS:

- ✓ Fast penetration: breaks down rust and corrosion, speeds up drilling
- ✓ Eliminates wear, lubricates and protects as it penetrates
- ✓ Reduces power consumption, temp., and noise when used as lubricant
- ✓ Very effective moisture repellent; Cleans and retards electrical corrosion
