

POLYTRON™

ULTRA PERFORMANCE

Today's most advanced lubricants

For those who are involved in transportation, cargo logistics, and fleet vehicle businesses, your equipment reliability and operational time are crucial. The time lost due to unexpected engine failure is simply unacceptable. *POLYTRON Lubricants* can increase the reliability and eliminate wear on your equipment. Even in an event of sudden oil loss, *POLYTRON* can temporarily protect the engine from catastrophic damages. *POLYTRON* enhances the longevity of your equipment better than any other products. Furthermore, EPA-approved *POLYTRON Fuel Conditioner* allows more efficient and drastically cleaner combustion from your engine (diesel or gasoline) to increase your MPG and power. All *POLYTRON* products are proudly Made In U.S.A!

Visit www.PolytronDirect.com for more information and online-store!

SIZES:
16 oz Bottle
1 Gal Jug
4 Gal Pail
55 Gal Drum

POLYTRON METAL TREATMENT CONCENTRATE (MTC)

POLYTRON Metal Treatment Concentrate (MTC) is the best in the industry. Attracted to metal surfaces, MTC transforms the original metal to a highly durable polished-like micro-layer of metal that drastically resist wear, extreme pressure, temperature, and contaminants. Only by adding 10% by volume to your current main lubricant, you will gain great benefits and protection, that saves you \$1000's.

APPLICATION:

- ✓ Perfect for Semi-Trucks, Cars, Boats
- ✓ Automatic and Manual Transmission
- ✓ Differentials, Gears, Steering Pump
- ✓ Pumps, Air Compressors, HVAC
- ✓ Heavy equipments and tools

EXPECTED RESULTS:

- ✓ Maximizes engine compression, power/torque, & MPG
- ✓ Decreases wear of engine/equipment up to 95%, operating temp., & noise
- ✓ Keeps the surfaces clean & extends maintenance intervals up to 4-7 times*
- ✓ Protects engine/equipment across wider range of temperatures
- ✓ Provides temporary protection to engine/equipment in the event of oil loss
- ✓ Contributes to reduction maintenance costs up to 60%

SIZES:
12 oz Bottle
1 Gal Jug
4 Gal Pail
55 Gal Drum

POLYTRON GASOLINE/DIESEL FUEL CONDITIONER (GDFC)

Polytron GDFC is today's most technologically advanced fuel conditioner, scientifically designed for much cleaner and more efficient fuel combustion. It also cleans and lubricates the working parts of the fuel system and the upper valvetrain. *Polytron GDFC* dissolves and removes carbon deposits and prevents future harmful carbon build-up. Add 2 oz per 15 Gal of fuel or 1 Gal to 1000 Gal of fuel.

APPLICATION:

- ✓ Gasoline AND Diesel Engines
- ✓ 2-Cycle Engines & Fuel Oils
- ✓ Passenger cars, Trucks, Railroad, Boats
- ✓ Pumps, Air Compressors, Air Condition
- ✓ Mining & Drilling Equipment
- ✓ Tractors & Irrigation Systems

EXPECTED RESULTS:

- ✓ Maximizes fuel mileage (MPG) by up to 35%, power, and compression
- ✓ Cleaner emissions, up to 60% reduction of pollutants: 95% chance to pass smog re-test**
- ✓ Lubricates moving parts and provides quicker starts in cold weather
- ✓ Cleans entire fuel system: injectors, intake valves, combustion chamber
- ✓ Removes water in fuel tank and lines and neutralizes poor quality fuel

SIZES:
1 qt Bottle
1 Gal Jug
55 Gal Drum

POLYTRON FULL- AND SEMI-SYNTHETIC MOTOR OIL

In addition to the standard additive package that is used in typical synthetic motor oils, *POLYTRON Synthetic Motor Oils* contain *POLYTRON MTC*, a complementary additive package, which is a breakthrough in micro-lubrication technology that converts metallic surfaces into wear-resisting, "smooth" surfaces resulting in lower friction and much longer wear-life. All API approved grades and types available.

APPLICATION:

Cars, Trucks, Railroad, Boats

EXPECTED RESULTS:

Please see results of *POLYTRON MTC*

* Results may vary. We strongly suggest performing oil change per manufacturer's recommendation!

**Results may vary. Passing rate is actual collected data of Polytron users.
